

To whom it may concern,

This letter is to confirm that Mr. Lopez has been a member of the volunteering abroad website "Workaway" since 24/04/2018 and has successfully participated in 7 different Workaway projects as a volunteer abroad.

During his placement time he has demonstrated a high level of adaptability when working amongst other cultures, whilst showing flexibility and creativity in problem solving. This is proven by his capability to work in a challenging environment in unfamiliar situations and overcoming the cultural difference barriers with groups of people he was previously unacquainted with. We have no hesitation in saying that Mr. Lopez is aware and independent and would be an excellent asset for any organisation. He is highly recommended by 7 of the verified project hosts we work with who have left him feedback as follows:

Two very nice, kind and healthy guys (physically and emotionally), any Host would be happy to receive them as volunteers.

Thank you very much for all your help in those two weeks, almost a year ago! as time goes :)

We hope that your trips continue to give you so much energy and desire to continue learning through cultural exchange.

Hugs from Fyn!

Sole, Feli, Fiona y Luna :)

Daniella and Julio are an amazing young couple. We had such a fun time with them as well as getting the garden and house in order. Both extremely fit and strong there was nothing they couldn't chop, clear, cut back, paint, clean and even tackled some DiY.

Gabriella is the most vivacious, joyous person we have ever met and Julio is so well travelled and has so many stories of his experiences and journeys.

We loved having them to stay. They adored the dogs, especially our new addition Laika.

After globtrotting for a year, they were heading home before their next adventure.

Veteran workawayers with super worth ethic we were sorry to say goodbye.

Thank you both.

Daniela and Julio were very special. They stayed with us for 2 weeks and helped us with many work. Those including building, products making, market, cleaning and many more. They are very real characters and always smiling. Daniela dance very well and perform in our markets spontaneously. They took very good photographs as well. The family was so happy to have them.

Daniela and Julio stayed with us in September. At the first place, it was a pleasure to be surrounded by such happy, positive and outgoing people. They were open and willing to share their beings, abilities in different areas and make a difference in our family and place. I believe because they were curious and willing to learn about the different perspectives of life while enjoying the way. They were also appreciative of our time,

resources and efforts on this exchange. The children enjoyed their company, played music and danced with them. We also got help with computer stuff, drawings, and gardening. Thank you guys for the good time during your staying and your reports from your world trip, the kids enjoyed them. Have a safe trip and hope to see you again anytime anywhere.

Daniela and Julio helped us a lot in the vineyard, they are very positive person, always in the mood for learning new things. They appreciate good food and they are excited to discover new places, new tradition and people. Recommended for those who love to travel, share experiences and meet nice and positive people, You can have long talks on distant and fascinating places ... and weird food...

It's a pleasure for me to give Daniela and Julio 5 from 5 stars !!!

Daniela is such a good nanny- my daughter enjoyed her games sooo much she is already missing her ;-) a lot!

she also tidied up the house- and did lots of harvesting nuts-

they cleaned stables and cared really lovely about the animals. Both are more than grateful and respectful and open minded people- with a big backpack full of funny stories about their travels- they don't take themselves too seriously so we had extremely fun with everything we did- which all of us enjoyed :) :-)

Julio is real !!! a hard worker, he did everything - and if he had no plan before- he was willing to learn or even worked out the Project himself like: - garden work- like planting big bushes and getting old trees out of the earth (with the old roots), repairing fences- we had to make hay again- they worked in the pottery.....

They are amazing Problem solvers and can run nearly every Situation ..

whenever they get a new Situation -they always give their best- and again to say that they DO IT WITH A BIG SMILE AND AN AMOUNT OF JOKES ;-) hihihiii...

Thanks Daniela and Julio- the three weeks with you were such a funny time- it was a pleasure to share anything with you- freetime as well as work- I wish you all the best for your journey-thanks for the Pictures

We will always remember the funny time we had with you- and maybe whenever you are around- come for a visit-

Would be a pleasure for us to host you again- our doors are wide open for you

XXX all the best wishes from all of us hugs and kisses Jasmin

Daniela and Julio were so nice and joyful. They got on with our kids so well, got our daughter to start swimming and speaking a bit of Spanish. It was amazing.

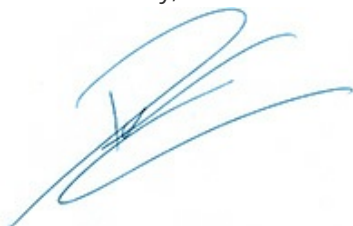

They both were happy to try any task, even if they had never tried before.

We wish them lots of love and fun for the rest of their journey...
